

JOB DESCRIPTION

TITLE:	Science Communicator
REPORTS TO:	STEM Development Lead
CONTRACT:	37.5 hours, full time
SALARY RANGE:	£11.35 per hour

KEY RESPONSIBILITIES

The Science Communicator will deliver visitor engagement activity to all audiences at Dundee Science Centre while helping to support engagement events such as school & community groups, outreach, and science themed birthday parties - providing a fun and exciting experience for all visitors.

They will have responsibility for the smooth operation of Dundee Science Centre programmes and services daily within the centre, supporting the Visitor Experience Leader (VEL). They will support the wider team in science communication and ensure the quality of delivery by team members meets audience expectations and standards, therefore achieving the strategic themes and purpose of Dundee Science Centre through a proactive and consistent attitude to the visitor experience. Primary objectives will be championing enhanced visitor engagement, ensuring that audiences have an enjoyable, safe, and inspiring experience. You will also be performing engaging scientific demonstrations on a variety of scientific themes to the general public.

You will be an ambassador for and the public face of Dundee Science Centre. You will be an excellent communicator and an effective team player with the ability to multi-task. Your main function will be to interact with all visitors in a friendly, outgoing manner ensuring an exceptional experience.

You may at times be responsible for delivering high quality science, technology, engineering, and mathematics (STEM) programmes across all audiences (including schools and community groups), either in-centre or via outreach, all in line with Dundee Science Centre's key aims and objectives, alongside local and national government initiatives, and priorities

You will also be responsible for delivering Dundee Science Centre's unique birthday party programme, which incorporates fun STEM workshops into accessible events that engage children in science.

You will be an advocate for Inclusion & Diversity, contributing to the development of DSC's widening access strategies creating a culture of inclusion for our team and audiences.

The successful candidate will have a positive, resourceful, and confident nature with the ability to work independently and play a key role across the organisation. You will have an excellent knowledge and understanding of visitor engagement.

The post holder will be expected to work flexibly within the Dundee Science Centre team.

This post is available on a full time basis. Hours of work will be flexible depending on the availability of the individual; and will include shifts during the week, weekend and occasional evening work.

MAIN DUTIES

Delivery (100% of role)

- Responsible for the delivery of audience engagement within DSC and across 3rd party sites includes digital, face to face in reach, face to face outreach and remote.
- Carry out Visitor Experience Assistant role as required.
- Responsible for supporting the VEL where necessary, including inductions, training, evaluations, coaching and mentoring as and when required.
- Building positive relationships with visitors and to pro-actively manage the audience experience.
- Build positive and proactive relations with colleagues.
- Assist in carrying out all safety procedures as needed and in accordance with established legal obligations and practices. Lead on the programme risk assessment procedures, as required, for the safety of all audiences and staff.
- Responsible for supporting volunteers and interns ensuring a quality approach to Science Communication and delivery. This includes induction, training, evaluation, coaching and mentoring to further their personal development.
